Freelancing Platforms Assignment

Total Score: 100 Marks

Objective

Create and develop professional profiles on freelancing platforms to build your professional identity, showcase your skills and experience, and increase your chances of securing future projects and job opportunities.

Required Platforms

Each student must create and complete professional profiles on the following platforms:

1. Khamsat
2. Mostaq
3. Freelancer.com
4. Upwork
5. One additional freelancing platform of the student's choice (such as PeoplePerHour, Guru, or any other reputable freelancing platform).

Assignment Requirements

1. Account Creation and Completion (20 Marks)

- Create accounts on all required platforms.
- Complete all profile information accurately.
- Add a professional job title relevant to your specialization.
- Ensure accounts are updated and verified when applicable.

2. Professional Profile Photo (10 Marks)

- Upload a clear and professional profile photo.
- The photo should be appropriate for a professional work environment.
- Avoid casual or unclear photos.

3. Professional Bio and Skills (20 Marks)

- Write a professional bio highlighting your experience, skills, and services.
- Add both technical and soft skills relevant to your field.
- Include educational qualifications, certifications, and relevant experience where applicable.

4. Publish a Service on Khamsat (20 Marks)

- Publish at least one service related to your specialization.
- The service must include:
 - A professional service title.
 - A clear and detailed description.
 - Relevant keywords.
 - Appropriate pricing.
 - Service images or illustrations when possible.

5. Build a Professional Portfolio (30 Marks)

- Create a strong portfolio that reflects your skills and expertise.
- Include at least three projects related to your field.
- Each project should contain:
 - Project title.
 - Brief project description.
 - Tools or technologies used.
 - Supporting images, links, or documents when available.
- Portfolio quality, organization, and professionalism will be evaluated.

Submission Requirements

Submit a PDF file that includes:

- Student Name.
- Specialization or Training Track.
- Links to all freelancing platform profiles.
- Screenshots of completed profiles.
- Screenshot of the published Khamsat service.
- Portfolio screenshots or project links.
- A brief comparison between the platforms used.

Evaluation Criteria

Criteria	Marks
Account Creation and Completion	20
Professional Profile Photo	10
Professional Bio and Skills	20
Published Service on Khamsat	20
Portfolio Quality and Completeness	30
Total	100

Important Notes

- Marks will be deducted for incomplete profiles.
- Not having a professional profile photo will affect the evaluation.
- The published service on Khamsat must be visible and fully completed.
- A stronger and more professional portfolio increases the chance of receiving a higher score.
- This assignment aims to help students build a professional profile that enables them to compete in the freelancing market and secure real job opportunities in the future.
